Buckeye, AZ 85326

Re: HER Request Item #11

Ms. Johnson,
Ms. Chan,

Enclosed is Hickman's Family Farms official response to Request Item #11 from your June 1, 2016 informational request letter. As we discussed on June 17, 2016, due to the large volume of correspondence records, Hickman's Family Farms is submitting this documentation via certified mail on a thumb drive rather than sending you hard copies or infinite e-mail correspondence. As agreed, the deadline for submittal was extended to July 25, 2016.

11. *For each facility, please provide all permit applications submitted by Hickman to the Arizona Department of Environmental Quality (ADEQ) and/or the Maricopa County Air Quality Department (MCAQD) for the purpose of complying with the Clean Air Act, all permits issued by ADEQ or MCAQD related to the regulation of air pollution at the Facilities, and all related mail or electronic correspondence with ADEQ or MCAQD.*

I have organized the thumb drive by agency: Arizona Department of Environmental Quality (ADEQ) and Maricopa County Air Quality Department (MCAQD). Within each agency's folders, you will observed additional folders containing records obtained through each agency, as well as internal records retained by Hickman's Family Farms. These records include complaints received, miscellaneous correspondence, enforcement action documents, inspection and compliance records, and permitting documentation. Within each category, the Arlington and Tonopah facilities are segregated for organization.

If you have any questions regarding the information enclosed, please feel free to contact me at any time.

Sincerely,

Robert Phalen
Hickman's Family Farms
